Hi James

Sorry for the late reply to your email on 29/08/23

Following a series of focussed discussions amongst members of the Service Awards Panel

I confirm that the panel wish to submit the notice of motion previously presented relating to the merger of the National and Service Awards Panels.

Members of the Service Awards Panel concluded that this motion should be presented to the membership of Welsh Athletics for a decision.

Should the membership approve a merger then the process of the amalgamation of both panels could begin.

If on the other hand such a merger was not approved then the status quo would prevail.

Any changes to the byelaws would follow if the motion was upheld/approved and presented to the 2024 Annual General Meeting,

Regards
Graham Finlayson BEM
President of Welsh Athletics
