3. Update from General Council. (MB)

MB provided an update from the previous evenings GC meeting. Key points of interest for the group was the decision of the Board to instigate an independent review of the Commonwealth Games performance, and the ongoing strategic reviews being undertaken by Sport in Wales / Sport Wales and UK Athletics.

4. Commonwealth Games. (SS)

SS provided a brief review of the Games. His report is near completion and should be presented to the Board at their next meeting and it is expected the report will be published some time in June

During a free and frank discussion it became clear that the current team policy/conditions/manual lacks clarity in some areas. These are to be noted and future Games policy/conditions/manual drafted to address these areas.

5. Welsh Athletics consultation/strategy development. (MB)

Initial analysis of the feedback from the consultation forums has highlighted a number of areas where the membership would like Welsh Athletics to incorporate into the new strategy. Those relevant to Coaching and Performance are to be highlighted and a suggested draft strategy prepared for presentation to the Board later this summer.

6. Date of next meeting. (MB)

18 July, 18:30, Sport Wales.

Note: This meeting will now be for both groups.
