ROLE PROFILE

Job Title

National & University Talent-Development Coordinator (On Track Endurance)

Salary

£30,000 - £35,000 pa, full time

Reporting to

Head of Performance

Location

National Indoor Athletics Centre, Cyncoed, Cardiff
Cardiff International Sports Campus, Leckwith, Cardiff

Working pattern

Full-time (37.5 hours/week)
Flexible working patterns, including home working, are available, and the role may involve some working at evening/weekend events within the 37-hour week

ROLE PURPOSE

Coordinate the on-going development of On-Track endurance. Continue the development of the National Development Programme and track-based endurance athletes in the performance pathway.

To work collaboratively across Cardiff Met Sport and the Governing Body to support further development and sustainability of the Athletics Performance Programme

This is a unique role where the successful candidate will support the continued development of the joint Welsh Athletics and Cardiff Met Performance Pathway. The position will play a key role in leading the University recruitment process for talented Welsh and non-Welsh athletes.

We are looking for an individual with a thorough understanding of the sport of Athletics to take responsibility for driving future success in supporting on-track performance athletes in Wales.

The role requires the development and maintenance of strong relationships with coaches across Wales' National Development Programme and Performance Pathway, Cardiff Met Sport and Cardiff School of Sport and Health Sciences.

KEY RESPONSIBILITIES

Programme Athlete Support & Development

- Along with the Head of Performance, track the performance and progression of all supported athletes using the Team Works Athlete Management System
- Actively deliver / oversee the delivery of the National and Regional Endurance Programmes
- To liaise with the Head of Performance and Athlete Support Coordinator on all sports science needs of off track programme athletes
- To support the coordination of National Training camps both domestically and overseas
- To support the ongoing athlete talent identification, selection and flagging processes of the performance programme
- Along with the Head of Performance identify key strategic reviewing periods of all off track delivery to enable the evolution of the off track endurance programme
- To creatively develop specific event based development programmes aligned to the Welsh Athletics performance strategy
- To further develop and deliver the endurance RDP programmes
- Liaise with endurance leads at UKA and the Home Countries, exploring opportunities for collaboration and sharing best practice
- To provide support to identified coaches, and sign posting coach development opportunities to the endurance community.
- To attend National and International competitions where identified

KEY RESPONSIBILITIES

(CONTINUED)

Event Development

- Strategically determine the Welsh Athletics off track representative and international opportunities
- To update and develop all off track representative and international selection policies
- To support communication and operational delivery between Welsh Athletics and the endurance committees across all off track event groups in Wales
- To ensure that the domestic competition programme is aligned to the strategic objectives for off track endurance running across Wales
- To work closely with colleagues at Welsh Athletics and the Welsh Schools Athletic Association to ensure relevant programmes are aligned

Cardiff Met University Athletics Programme

- To coordinate the support programmes of Cardiff Met Performance Tier 1 programme athletes, supporting athletes from initial recruitment through their university journey to support academic and sporting success
- To lead the recruitment of talented future Cardiff Met Athletics students across all disciplines from within Welsh pathways, taking targeted and proactive approaches
- Attend key National competitions and recruitment events and identify potential performance athletes
- To act as a point of contact for all Cardiff Met performance programme coaches
- To support the Cardiff Met BUCS team with a leading team management role
- Support Performance Tier athletes more widely as required throughout wider competitions
- To contribute to the development and review of university performance programme service delivery

07
